When did you first see George Seemiller after he returned from the army, and how do you fix the date?
Ans: 1867 fix date from fact, I employed him to work for me -
Was he then suffering from any disability?
Ans: yes, a rupture of his left side.
Of what did he complain, and how was he affected?
Ans: he complained of this rupture, hurt him to stoop or carry anything.
How frequently have you seen him since your first acquaintance? Ans: very often and the last 8 or 9 years he was blind -
Has he continued to suffer with such disability?
Ans: yes
To what extent has he been disabled for manual labor thereby during each year within your knowledge?
Ans: he could not do any hard work at all -
My means of knowing the facts of the case are these:
knowing the man, and gave him little light work when he could do anything, for charity sake -

above was dictated by me not being able to write English

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension, special care* must be taken to state the *degree* of disability—as ½, ⅓, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates *direct* to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

The Commissioner of Pensions,
Sir:

The inclosed letter was duly received, but being then confined to my bed in hospital, as I am now, I deferred replying from week to week thinking that I should be well enough to be able to answer in my own handwriting, but find that I am not, and have dictated this letter to which I sign my name. My letter of June 1887 was, as far as I can remember, in reply to questions whether I knew that George Siemiller had any sickness or disease while I knew him in the army, I replied that I did not know of his having any sickness or disease while I knew him, and said, perhaps, and if I did not had intended to say, that I owned not from personal knowledge say that he was ruptured,

I stated in my affidavit of July 1888, that he was hurt at Fort Bunker Hill Va, about Nov. 1862, That the company was detailed to carry logs to strengthen the fort, and that while he was helping in doing so he fell on his left side

on the edge of a log and that he appeared to be severely hurt, and complained of being hurt internally; that I was present, and that shortly afterwards he was sent to Regimental hospital at Fort Saratoga, and that I had not seen him since, I can not say from my own knowledge that he was ruptured by that fall, I only know that it was talked of in the Company by comrades who had visited him in hospital
